

Capacities 7,200 kg and 15,000 kg

Crossbeam with Lifting Supports

Low Profile Crossbeam with Lifting Supports

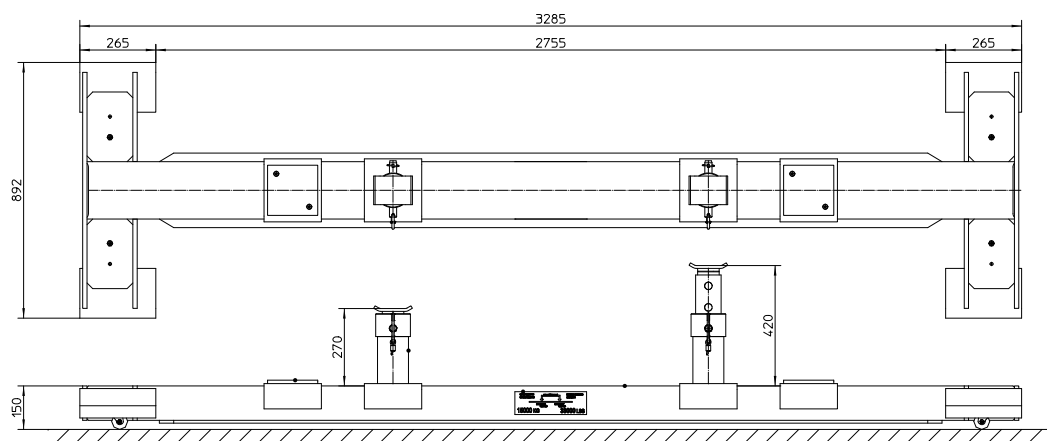

Crossbeam with Kingpin Adapter

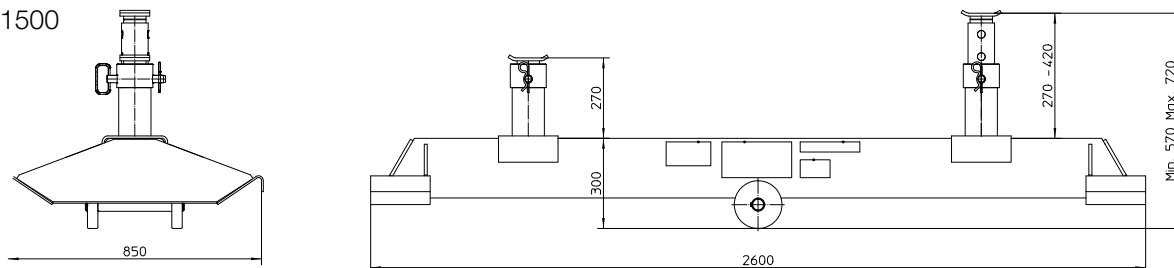

Crossbeams

- Used in combination with two Stertil-Koni mobile columns to lift vehicles or trailers safely and reliably by the chassis or kingpin coupling.
- Even weight distribution, ensuring maximum stability for wheel-free maintenance.
- Very suitable for lifting extremely low-clearance vehicles, such as buses.
- Full and easy access to wheels, brakes, suspension, and undercarriage components.
- Range of several models and adjustable pick-up adapters available to lift any type of vehicle and trailer.
